memories of the good times

This 1978-79 yearbook tells about the students and faculty that attended Chaparral in the pictures and words that fill its pages. It contains memories of the good times we've shared and the everyday routines that we had in common. Whether it involves riding the crowded bus to school, eating lunch in the cafeteria with a favorite crowd, or working hard to finish last night's algebra assignment, it's all here. We are all part of the student body that makes up Chaparral High, and that is what this book is all about.

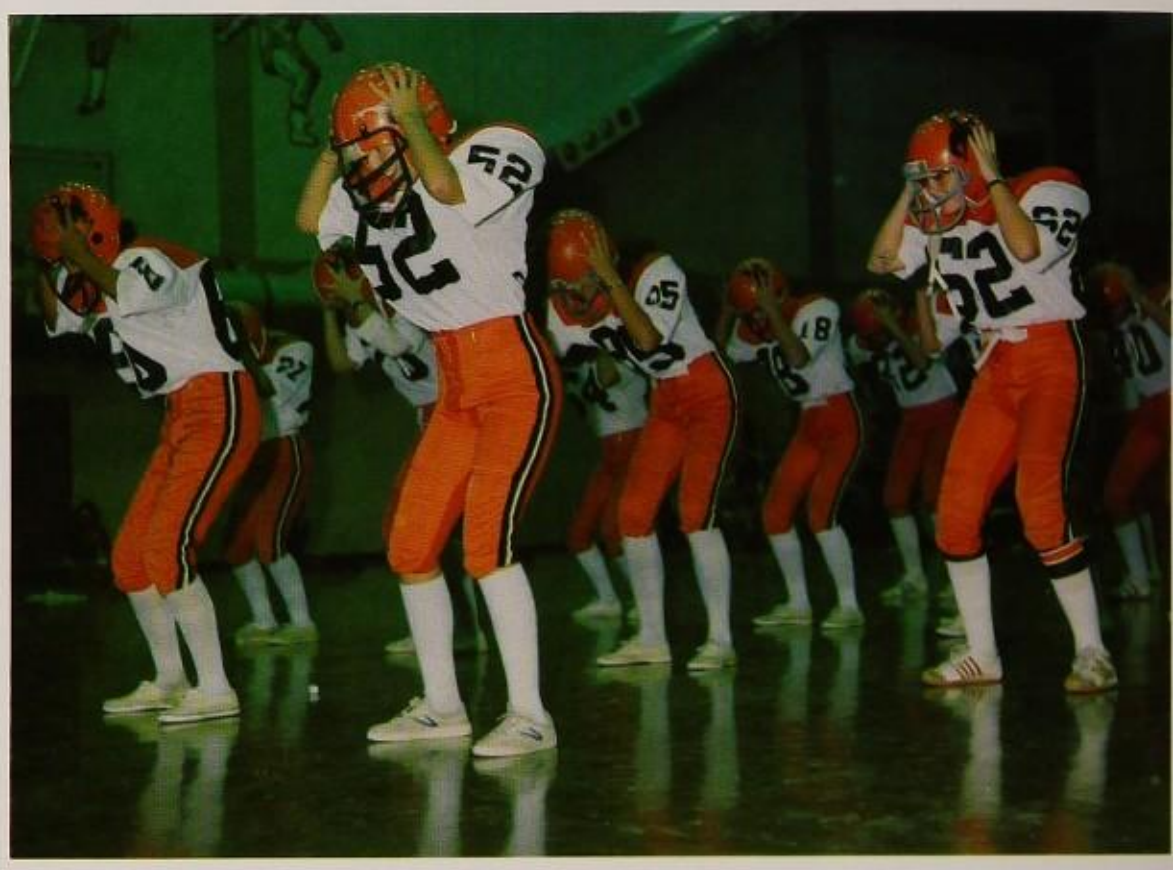
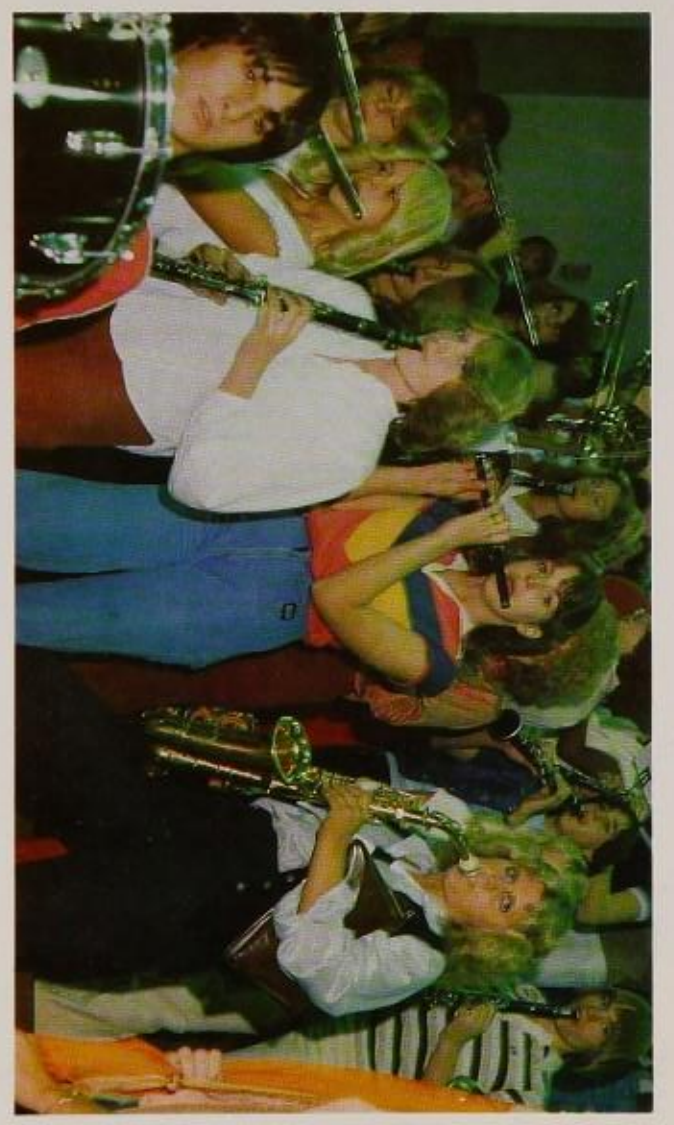
the crowd is proud and spirited

Assemblies give us a chance to be a part of the group, and for some a chance to shine. There is a feeling of power when you stand with your class shouting who you are, knowing you're a cowboy - proud and spirited. The Caballeras imitate the football players and the Larriettes perform with accuracy while the stands are packed with people holding orange spirit balloons, screaming "C.H.S. is the best!" The performers stand out from the crowd, but the band always stands together.





Glen,
It's been a good year and

cowboys seek identity

In addition to being cowboys, we are also members of various groups and organizations. We clearly identify ourselves by the uniforms and t-shirts that we wear. These emblems are worn proudly both on and off campus. We like to look at ourselves. We reflect on the past and we look forward to our future.

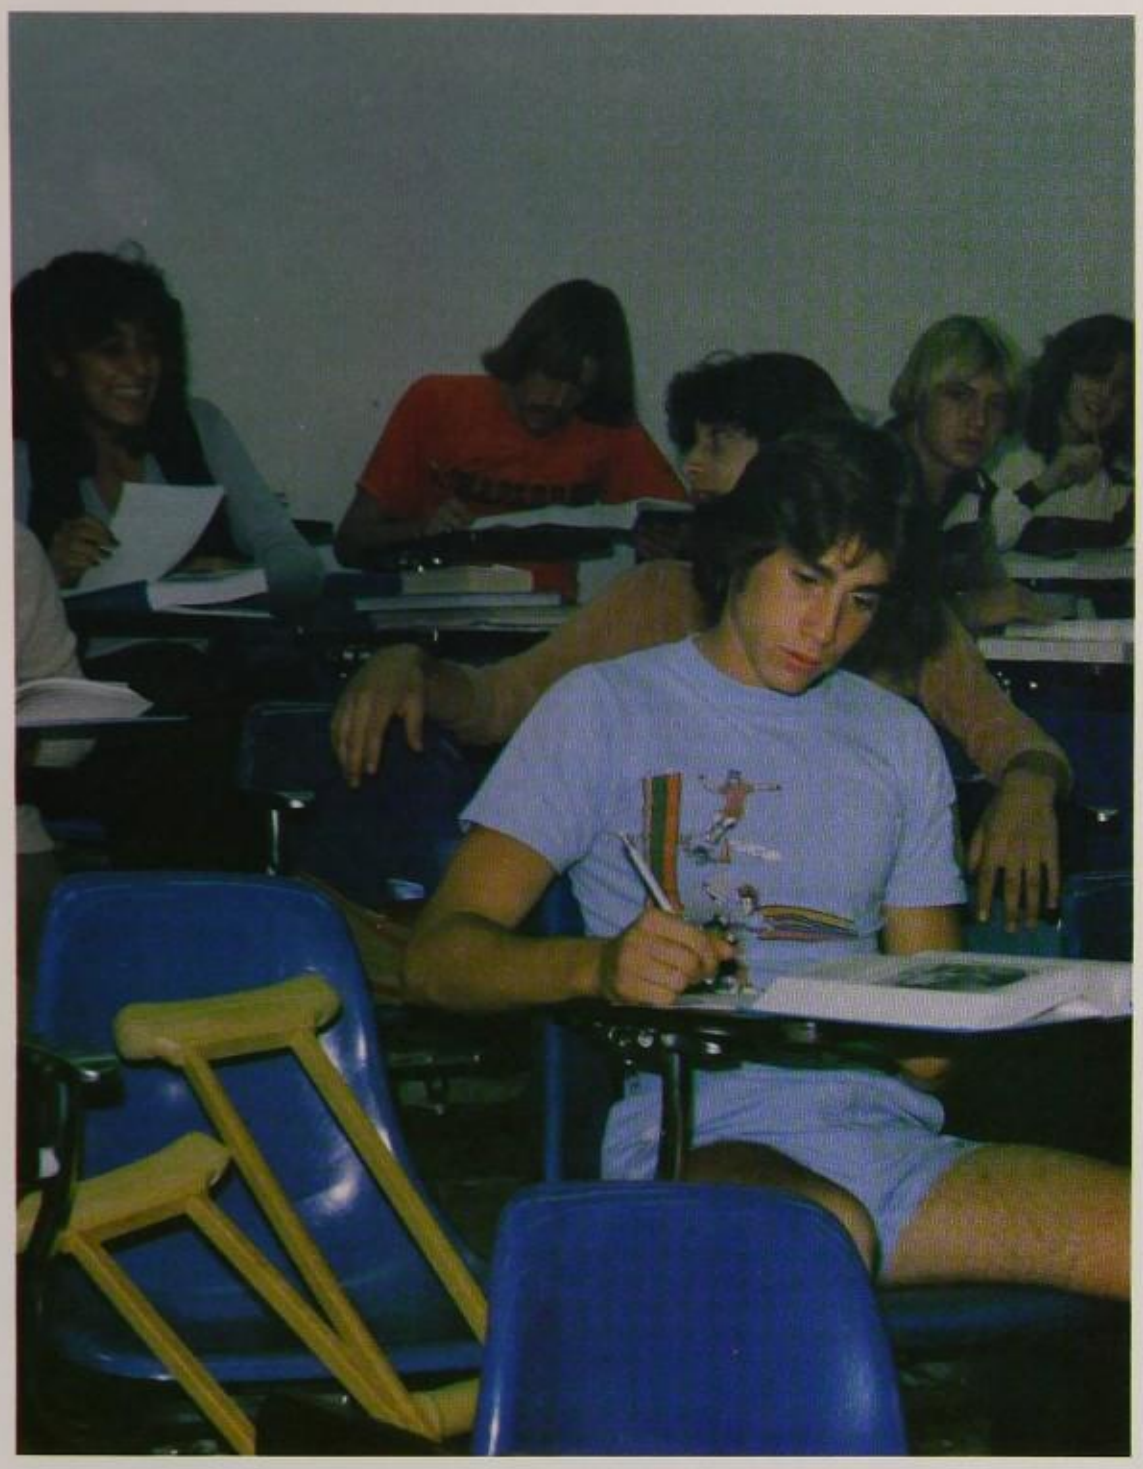
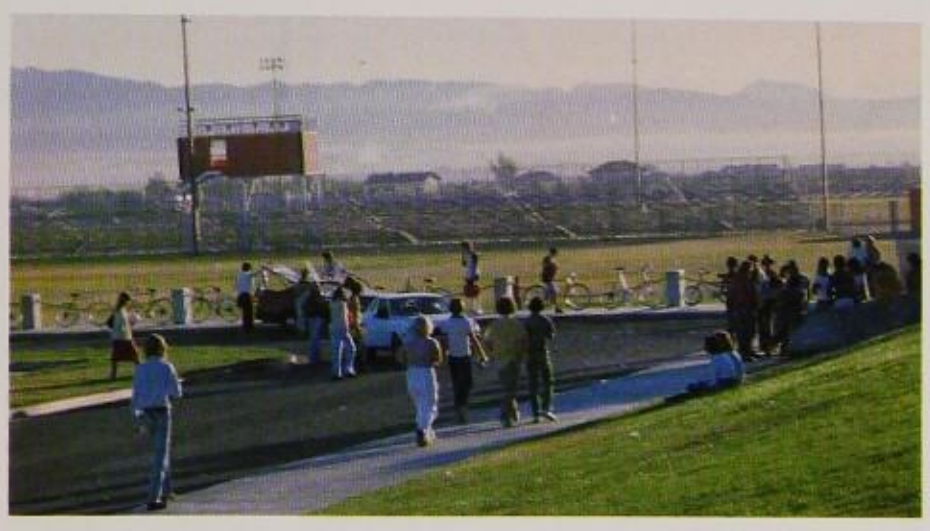
schooltime more than classtime

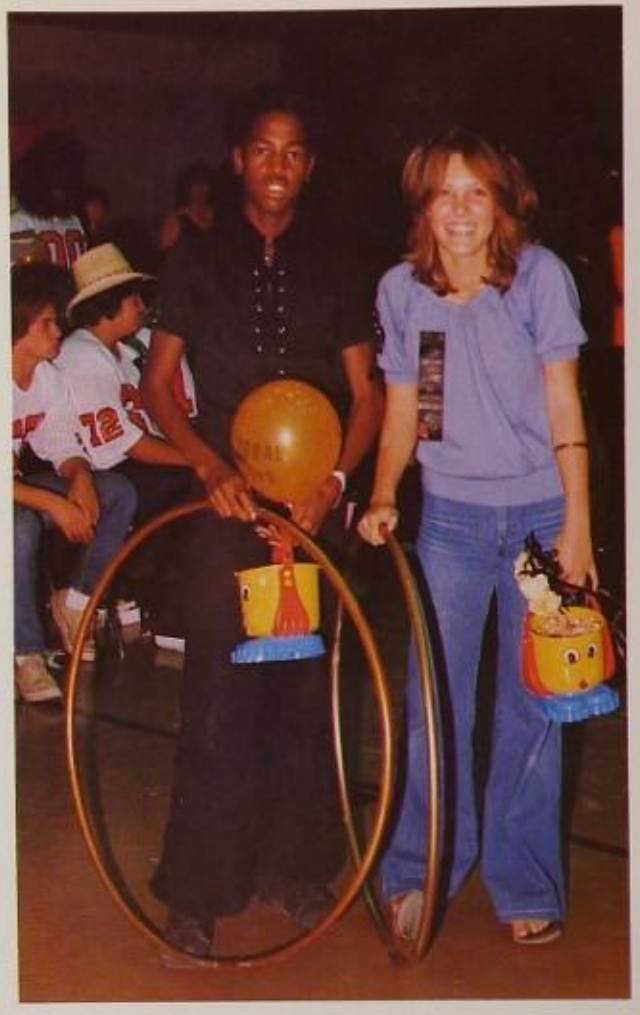
In the classroom, we develop our minds, we create original art work, and we are tested and evaluated over the things we have learned. Those that accelerate in their areas of study are sometimes awarded and acknowledged. Outside of classtime, we carry on school activities by washing cars to earn money, and by practicing for upcoming sport events.

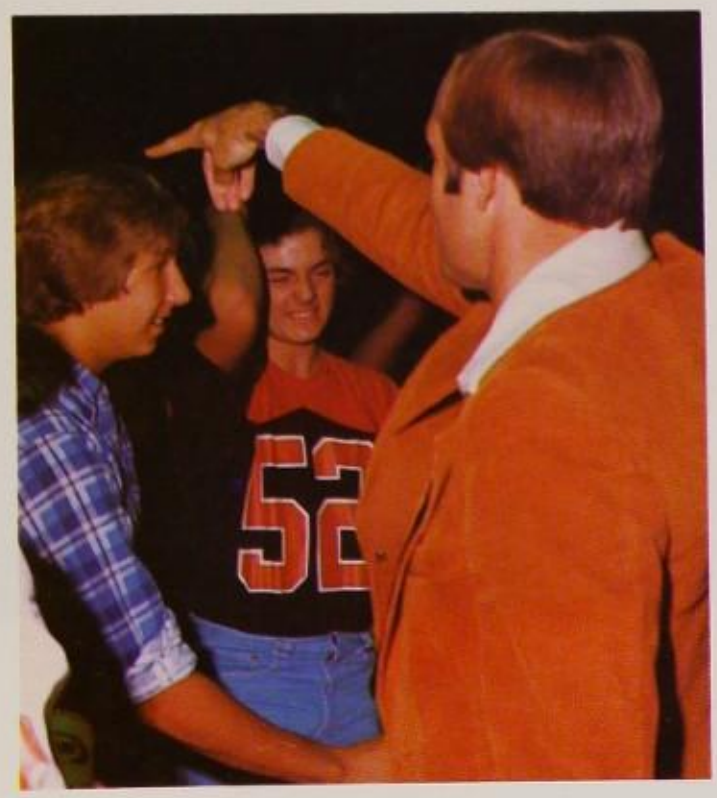




homecoming unites student body

We united with the alumni for our Homecoming activities. We had a sock hop during 50's day with an assembly and a bug race after school. Tuesday was dress-up day and a hula hoop contest during lunch. Wednesday we had the stick horse race while everyone was dressed in their cowboy clothes. The traditional chug-a-lug contest was held on Thursday's T-Shirt day, and spirit day was Friday. We carried on with these activities during the entire week preceeding the Homecoming game. Pregame activities included class competition of floats and stand decorations, a Surrey Singers performance, and the crowning of the queen and her court. We gloriously won our football game against Bonanza with a score of 40-8.





Cindy Maul was crowned Homecoming Queen and her attendants were Natalie Ashby, Lisa Frei, Julie Frick, and Kari Krause. The finalists were escorted by their fathers.

The student council did an excellent job in presenting this year's Homecoming theme, "This One's For You." The dance was held at the Marina Hotel on Saturday night, October 28, 1978.

stars that shine! the class of 79'

Front row: Dick Luna, second: Cindy Maul, Debbie Holliday, Mary Crane and Ellen Schmidt. Third: Tye Langer, Kelly McNeil and Randy Edwards. Fourth: Kari Krause, and Loretta Cox.

The Senior class committee was very busy this year selling homecoming carnations and Senior t-shirts. During homecoming week the Seniors won the float and stand decoration competition. They were advised by Ms. Rua and Ms. Roberts. The committee met every Monday after school. The committee is in charge of graduation arrangements and picking graduation announcements. Officers of the committee are: Chairman Dick Luna, Co-chairman Mary Crane and Ellen Schmidt, Secretary, Debbie Holiday and Treasurer Tye Langer. The Senior Class Committee wants to remind you the Class with class is the CLASS OF 79'.

Chaparral 79' seniors are basically perfect. With their teeth rating better than their vision. Only 2% of the seniors are currently wearing braces. 162 seniors wear contacts or glasses. So, only 29% of the seniors have any flaws.

brown eyes and dark hair are in majority

If Blondes have more fun, then 75% of Chaparrals seniors are out of luck. 366 seniors have brown hair, 150 are blonde, 72 have black hair and 14 are red heads. Brown eyes also win with 222 brown eyes, 174 blue eyes, 110 hazel eyes and 96 green eyes.

vickie ford loved and remembered

Vickie Rae Ford was born August 22, 1961, in Cody, Wyoming. After attending Woodbury Jr. High, Vickie came to Chaparral where during her Sophomore and Senior years she became a member of the Girl's Tennis team. Vickie participated in many school activities and brought much enthusiasm and spirit to the school.

Vickie died on January 12, 1979, when her car overturned on Sahara Ave. while returning from a basketball game at Bonanza High.

Vickie will always be remembered by C.H.S. as an outgoing person who brightened the lives of those she was near.

assemblies make happy fridays

The pep assemblies at Chaparral have been exciting and spirited this year. Although it is optional for students to attend, it seems that the gym was packed full for each assembly. This is largely due to the well planned skits, dance routines, and spirit contests that the assemblies offer the student body.

The Caballeras presented routines as a preview for the upcoming halftime entertainment. The spirit girls, now known as New Generation, also contributed their talent with their dance routines. The band was extremely helpful in making our pep assemblies the most spirited and exciting events of the year.

The planning committee for the pep assemblies was headed up by Terri Cox and she was assisted by the leadership class, Mr. Swallow and Mr. Brown.

The cheerleaders, songleaders, and Chaparral Cross Country Team presented trophies to Mr. Olsen that they won over the summer vacation and state competition. Kari Krause conducted the spirit stick competition between the classes. Each class had the opportunity to win the stick by yelling the loudest as a group. The planning committee was extremely successful in getting the students to participate in the assemblies with cheers and chants.

varsity cheerleaders take superior trophy at camp

The 1978-79 Varsity Cheerleaders did a wonderful job in supporting winning teams with their spirit. The cheerleaders attended the U.S.A. cheerleading camp at U.C.L.A. They brought home the spirit stick and the #1 Superior trophy. The captain of the cheerleaders, Kari Krause, was selected by the U.S.A. cheerleaders to return the following summer and instruct.

The "79" Varsity Cheerleaders consist of seven very enthused and talented young ladies. They are also very thankful to their supervisor, Mrs. Allen.

The Freshmen cheerleaders have done a great job this year and have participated in many of the pep assemblys. They have had many bake and candy sales to raise money for their football and basketball teams.

The Freshmen cheerleaders should be commended on their time and effort spent on performing and showing spirit which lead their teams to victory. They appreciated the support and help from Mrs. Allen and Mrs. Tylar.

songleaders bring home 24 trophies

Chaparral's '78-79 Songleaders consisted of one sophomore, two juniors, and three seniors. This all new squad, advised by Vickie Allen, represented Chaparral during the football and basketball seasons with their precision dancing. In addition to their normal routines they cheered the Cowboy teams on to victory.

The five girls and their squad captain, Julie Frick, attended camp last summer at the University of California at Santa Barbara. They returned home with 24 Superior ribbons, one Superior trophy, and the Spirit Stick! They are all very proud to represent Chaparral High as Songleaders.

caballeras put in many hours for perfection

Every Morning at 7:00 a.m., twenty-two girls walk out onto the gym floor in curlers and warm-up suits to practice routines. But when these girls join together at a halftime performance, they are known as the Caballeras!

The Caballeras practiced a total of 350 hours this year. However, their total performing time was less than sixty minutes.

They began their year in July, selling fireworks in 105 degree weather. some of the money raised from selling fireworks helped the Caballeras go to camp in Santa Barbara where they won second place in small military competition and received a high point trophy.

While at home, the Caballeras placed first in the Nevada State Drill Team Competition. In December, the senior Caballeras competed at Disneyland. Their advisor was Mrs. McGimsey.

The Laraittes consisted of 12 hardworking girls. The captain was JoAnn Smith, with Karen Larson and Mickie Martin as co-captains. The girls made up their own routines along with learning some at camp. They attended camp in Santa Barbara, California. They won second place in a competition along with a spirit stick and many superior ribbons. The Lariattes earned money by selling pizzas, fireworks, and jewelry. The money they earned helped to buy their new uniforms.

marching band filled with cowboy spirit

The Chaparral marching band, "The Band with the Solid Gold Sound," and the percussion section, "The Thundering Herd," have brought excitement and spirit to football games, basketball games, and assemblies. Competition Parade in Oceanside, Half time review at the Las Vegas Stadium, competition for "The Thundering Herd" and the drum majors in Disneyland, are some of the events the band members participated in. After marching season was over, many of the band members practiced on concert pieces for competition. This was Mikel Paulson's second year as band director at Chaparral High School.

This year's band officers were President-Mike Novick, Vice-President-Allan Sullivan, Secretary-Linda Pasquarella, and Treasurer-Mike Agosta.

This year's Surrey Singers have been very busy representing the #1 school in the state. They opened their performing year by presenting their rendition of "Grease" during homecoming week. Their own Sylvia Dorral and Tim Kasper sung "You're The One That I Want", followed by Jamie Morrison and Doug Dinkler's "Summer Nights." Some of their more popular tunes were "The Grooveline," "Boogie Oggie Oggie," and "Bluer Than Blue." Since the Surrey Singers loved performing away from home once in a while, they decided to go on tour to California. They left on Thursday, February 8, and performed at two of the local high schools. Boy were they a hit! The next day they performed at Disneyland and Knottsberry Farm. The next day they spent at Magic Mountain. It turned out to be well worth their time.

The Chaparral Varsity Choir consisted of advanced singers who were interested in achieving excellence in performing choral music. In addition to putting on concerts for Chaparral, the choir performed for the community. These performances were given for Law Enforcement Officers and the annual Christmas Concert at the Boulevard Mall. Plans for Spring activities included the All State Choir, a concert with guest conductor William Ramsay, a concert with another local high school, a "Spring Sing", and the annual Choral Festival.

the best-chaparral has to offer . . . madrigals

The Madrigals are a small vocal ensemble composed of advanced singers, who performed music from all periods of time and specialized in the music of the Renaissance period. Madrigals are an unusual group as they sing without accompaniment.

Madrigals performed during the Christmas season at the Boulevard Mall and also at the Annual Christmas Concert.

Spring contained many activities for Madrigals such as a pre-festival concert, retaining their "superior" status at Festival in March and performing at area schools in the late spring. Madrigals also provided music for the Theatre Departments production of the play *MID-SUMMERS NIGHT DREAM.*

Because of their high achievements, they went to Anaheim, California to participate in another festival and also went to Disneyland. It was an active class, and exciting to say the least. stage door first play of the year

"Stage Door," a play by Edna Ferber in collaboration with George S. Kaufman, was performed in the Chaparral Theater, November 15th through the 18th. The play centered around a New York City-based actress' club. "Stage Door" showed the hardships of young actresses breaking into the acting profession, the constant disappointments, the sporadic rewards, the dedication, and the idealism involved in the lives of the young girls.

On the whole, the performances were very much above average. Consistently strong performances were given by Tori Padellford, John Albrecht, Tim Kasper, and Phyllis Wolford. These, however were merely the main characters in a show with many real "stars." The strong supporting cast included Traci Morrison, Sheri Pearcy, Traci Tillander, Tim Kent, and Terri Slobig.

Each night, the performance was fresh and entertaining. Despite the lengthiness of the show (2 hours, 25 minutes), one could say that it dragged only slightly - if one could say it dragged at all. This is a tribute to the cast and director, Len Paul, for keeping the spontanaiety in the performances.

The cast rehearsed at least three nights a week for at least three hours a night. Their dedication and sense of responsibility brought to the public a solid, polished show to kick off the theater arts program for 1978-79.

drama department thinks "number 1"

The Chaparral High drama department shows once again that they are not to be surpassed. Last year the drama department brought home the statewide first place trophy. When asked why competition is so important, Traci Morrison answered, "because we're number one and we need to let everybody know it." John Albrecht answered, with a straight face, "it builds confidence, poise, and stamina."

chaparral students shine at

The 23rd annual Sun Youth Forum, held at the Convention Center on December 1, 1978, involved forty C.H.S. juniors and seniors.

Topics discussed included: Teenage Problems; Crime, Cops, and Courts; School Daze; and Nevada Today. Finalists, chosen by each of 14 discussion groups on the basis of group leadership, included five Chaparral students. Two of the five, Ron Hunter and Mary Crane, presented a short commentary on what they discussed in their groups on TV-8. The others, Shelli Bujalski, Leslie Hayes, and Mike Agosta wrote short summaries that appeared in the Las Vegas Sun Newspaper.

christmas celebrated by many activities

Christmas Week was a time for parties, carnations, presents, bells, caroling, and the Christmas Assembly. Mrs. Ries read her traditional poem to the little kids of Chaparral; the yearbook staff won the tree decoration contest. Santa passed out candy canes and watched as the Lariettes, the Caballeras, the cheerleaders, and the spirit girls performed. Christmas Week was enjoyed by everyone involved.

german and french club active

The German Club had a car wash, and with the money they made, they went to Alpine Village for authentic German food. The club meets every Monday after school.

The French Club had candy sales in order to raise money for their scholarship fund. They also hosted the successful Mardi Gras.

This year's National Honor Society was more than a typical group of intellectuals. The members contirbuted their individual talents and abilities in many service projects throughout the year. Their first activity was a Halloween Trick-or-Treat Party that they gave to the children's ward at Sunrise Hospital. Other service activities included ushering for Senior Parent Night at Chaparral and assisting the school nurse with hearing and vision tests. New members were accepted into the Honor Society at the Induction Meeting on November 28, 1978. The induction featured a slide show of the members of National Honor Society illustrating the purposes of the organization. Dr. Marshall Darnell spoke to the members and their parents about Reflections. The new members of the National Honor Society were required to have at least a 3.8 grade average, good leadership and character recommendations from their teachers. The group planned to take a trip to Carson City in February to attend sessions of the Nevada Legislature. Officers of the Honor Society were Paula Naegle (President), Mary Crane (Vice-President), Jody Goodwill (Secretary), and Melinda Wickman (Treasurer). The group was advised by Mr. Locatelli and Miss Taylor.

ski club has snow for a change

The Chaparral Ski Club is a group of high school students who enjoy the sport of skiing. The club consisted of about 50 people. The club includes Freshmen, Sophomores, Juniors and Seniors. For the first time in 3 years the club had a chance to be active. They went on trips to Brianhead and Lee Canyon, and were trying for a trip to a bigger resort, such as Mammoth Mt., California. They raised money for their trips by selling t-shirts to club members; selling scarfs, tumblers, and having carwashes. Their advisor was Miss Grabavoi.

The club Officers are from left to right Lindy Beavdet, Robert Kern, Tracy Eversole.

From left to right, fbla officers, Donna David, Monica Ford, Cindy Harvey, Kim Christians, Mary Crane.

Future Business Leaders of America, commonly referred to as F.B.L.A. has had the largest F.B.L.A. chapter in Nevada for the past four years, and are the second largest club at Chaparral. They are responsible for the majority of the candy sales at Chaparral. Activities for F.B.L.A. included helping with the local March of Dimes walk-a-thon, and coming up with the school mascot "Cowboy Kong." Mary Crane, the State President from Chaparral, and other members of the group attended the western regional meeting held in Seattle, Washington. The F.B.L.A. held the Southern regional meeting at Bonanza High School in the fall, and in April the Chaparral chapter of the F.B.L.A. convention at the Showboat Hotel, April 22nd through the 25th. The group was advised by Mrs. Ranney and Mr. Jacquot.

ray willis guest speaker for black history week

The week of February 12th through the 16th was designated as Black History Week at Chaparral. Chaparral honored the week with two assemblies. February 14, Wednesday, was the first of these assemblies. The assembly was a fashion show sponsored by Mr. B's Clothes.

Friday was the second assembly; Ray Willis, news coordinator for Clark County, was the guest speaker. The program also included dance numbers by YMCA and Foxy. There were two soloist performers with Venesa Cromwell singing and Lawanna Turner performing a dance routine. Mrs. Love, Donny Love's mother, presented a trophy to Mr. Olsen as a thank you for all the school had done for her son who died last year. The assembly ended with some excellent soul music performed by the rock band Eclipse. Mrs. Halton was the advisor for the week of activities.

1. Melanie Walton, Nedra Duke, Zina Allen and Maith Duke perform during the assembly. 2. Mrs. Love presents a thank you trophy to Mr. Olsen. 3. Guitarist for the rock band Eclipse. 4. Venesa Cromwell presents her cultural pride through her singing. 5. Newsman Ray Willis is the guest speaker at the Black History Week assembly.

Each step, gesture, voice, sound and inflection, costume and set were worked out carefully and with great patience night after night before the theater department presentation of the last play of the year. Mr. Paul, drama director, and Tori Padellford, student director, watched each actor and worked painstakingly to iron out any difficulties before opening night. Tryouts wre held on January 3 and 4th. About 75 students auditioned for parts. Student performers practiced Monday through Thursday-3 hours a night giving up a majority of their evening to perfect their work. They were also responsible for designing their costumes. The stage set was designed by Mr. Paul and built by theater tech. class. Music was provided by the Madrigal singers under the direction of Mr. Ken Tuttle.

Although the set and costumes were not completed as the Yearbook went to press, we were able to get a sneak preview of a play rehearsal. The theater Department presented *Mid Summer Nights' Dream* on March 14, 17, 21, 22.

sidekicks, serteens serve community

Serteens is a service club sponsored by the Downtown Sertoma Club. Sertoma means "Service to Mankind." This is the theme of the clubs activities. The two groups work together in fun and service projects. The club is open to all persons wanting to do service projects. The Presidents are Donna Feldman, and Mitch Wolf, Secretary Kim Richards, and the advisor Mrs. Anderson.

The Sidekicks, also known as the Human Relations Commission sponsored many activities including the Canned Food drive, also the gong show. They participated in the Convention center's Human Relations Forum. They also visited the Vegas Valley Convalescent home once a month. Currently they are planning an end of the year trip.

debate club number one in competition

The Debate Club members range from freshmen to seniors. They worked closely with community organizations such as the Lions Club, American Legion and Sertomas. They started competition by hosting the fifth annual Sertoma Speech contest. Bronica Clay and Harmon Kirsh tied for first. Clark High School hosted the next competition with Bronica Clay taking first. The club went to San Diego, Ca. for a weekend tournament. All the students did well while Bronica Clay led the group by placing in the top 10 out of 100 in the area of child abuse.

chaparral express makes some changes

The Express Staff got off to a fresh start this year with their new advisor, Mr. Miller. Jenise Coyle served as the Editor with Pam Coon as Feature Editor and David Renzi as the Sports Editor. By selling ads for each edition of the paper, the Express Staff was able to have the newspaper printed on regular newsprint. Their goal at the beginning of the year was to publish as many editions of the Express as possible.

This year the Express was staffed with almost entirely new people. Nickie Freedman and Andy Windes were Photographers, and Jack Alexander did the art work. The members of the staff were able to blend their diverse talents together to produce an interesting and informative newspaper.

varsity quiz team quick on the buzzer

The Chaparral Varsity Quiz team defeated Rancho High School with a score of 153 to 122. Their coach, Bob Locatelli, worked hard to bring the team to victory. This year they seemed to be concentrating on better anticipation and quicker speed on the buzzer.

The game of Varsity Quiz is played in quarters that last five minutes long. Most of the questions asked during this time are 'quickie questions' which are worth five points apiece. After every multiple of thirty-five points for one team, that team has the opportunity to score ten points for a five part question on which all the players confer. Varsity quiz was aired on Sundays at 4:30 p.m. on KORK-T.V.

vaquero staff very together group

The Vaquero Yearbook Staff of 1979 was an interesting group of people who managed to have a fun time while creating a yearbook. They spent time together outside of class which helped to build strong friendships. Parties, toilet papering Mrs. Mason's house, and just generally doing crazy things together helped to keep the members of the staff close together. For the first time in its history, the Vaquero had co-editors: Paula Naegle and Mindy Wickman. They shared the responsibility, work, and headaches that accompany the job of editor. They had a talented staff to work with and a wonderful advisor, Mrs. Mason, who had unlimited patience, and an incredible amount of creativity.

The staff, as pictured on page 137, was: Top Row; Karen Null, Teri Bodell, Wesley Jarlson, Steve Wilcox, John Ashcraft, Cindy Lewis, Second Row; Patti Brown, Brian Maher, (Photo Editor), Chris Kolberg, Doreen Ross, Dewey Kim, Doug Dinkler, Theresa Longi, Shirley Quinn, Kevin Cunningham, Andrea DuCharme, Tim Quinney, (Sports Editor), Loni Wucherfenning, Third Row; Rachel Fox, Paula Naegle, Mike Nounna, (Academics Editor), and Mindy Wickman. Not pictured were Curt Bowlin and Russ Bell.

The Junior class this year met on Tuesdays. They were advised by Mr. Tomlinson and Miss Erbe. The Junior class was in charge of the Junior-Senior Ball. Also half of the ring committee was from the Junior class. To raise money, they sold t-shirts, pennants and candy. The Junior class won the assembly spirit stick for the first time on Nov. 3 which was the Valley Assembly. During Homecoming week, the Junior class won the cafeteria decoration competition. On the day of cafeteria judging the Juniors came to school at 6:00a.m. and didn't finish the decorations until 7:30a.m.—barely in time to qualify.

short jeans not in

These jeans seem kind of short. Oh well, I'll wear them with some flat shoes. I asked my mom, "are my pants too short?" They're not she told me. "Are you sure?" I asked. I guess my mom would tell me the truth.

How come every time I pass someone in the hallway they laugh or stare down? Oh my gosh, I didn't realize my pants were so high! I feel like such a fool. . . Hey, what just hit my arm? Oh no, it's starting to rain. I guess it's time to get out the scissors for a new pair of cut-offs.

picture time is tension time

Well, today is the day. Picture Day is my most regretful day, next to the day that I get my pictures. Standing here in line, holding a pink envelope isn't one of the more fun things in life. Oh no, I'm next! Why am I so nervous? It's not like the camera is really a shot-gun. They're just going to take my picture! (That's not much better!) "Sit down on the stool, turn your knees this way, turn your head that way, look this way, smile, more. . ." It's finally over! Hey, who turned out the lights? There's a big, bright light in front of my eyes, going on and off. I sure hope my picture turns out after all this, but it will probably be the pits too!!

chapparral a great place for munchies

All over school people are selling every kind of candy you can think of; chocolate bars, licorice, suckers, m & m's, to name a few. With all of this junk going into our bodies no wonder all most all High School students have zits, or pimples, or whatever you want to call them. Eating candy is like eating pure sugar; it just rots your teeth.

let it snow!
let it snow!
let it snow!

It's February 1, 1979, and there's no school! That's strange because it's Thursday. What is even stranger is that school was cancelled due to SNOW. It snowed on Sunday and on Monday there was snowball fights on the football field. It was really strange driving sideways to school, in fact the whole day was wierd. No one went to class. It all started with a snowball fight between the "stoners" and the "jocks." Then during 3rd hour there was another snowball fight on the football field. Mr. Brown came down to break it up and he was bombarded with snowballs. The snow caused all kinds of car accidents, but at least we got out of school for a day.

Mike gives a big push for the Sophomore class.

'78 baseball sets new record

Baseball season began on March 1 with the usual bad weather. The Varsity team began the season well with starting pitchers Mike Hall and Abbery Lucas, who both made first team all conference. The team had an outstanding record of 18 wins and 3 losses. During the season they lost to Western and Eldorado. In the one game playoff for the zone championship, Chaparral lost to Valley. First team all conference for the Cowboys were Lucas, Hall, Luna, outfielder, Barry West, shortstop. Second team all conference players were Brandon, outfielder, James, outfielder. Dick Luna held the highest batting average of 401 on the team.

girl's softball team 'outstanding'

The 1978 Girl's softball team was considered Chaparral's most outstanding team ever, according to Ms. Stansberry. The ball team's most valuable players of the season were Tina Fuson, pitcher; Dawn Keltner, catcher; and Kathy Denton at center field. The Cowgirls ended the year by tieing for 2nd in their division and placed 3rd in zone.

girl's track takes state

It was in January of 1978 that last year's girls' track team first started their practices for what was going to be a long, strenuous season. The girls were out running every afternoon in those cold, windy winter months. But their hours of practice paid off. They placed first against Western who was, at the time, defending State Champions. The Cowgirls, coached by Ms. Brooks, took 2nd in zone, and five girls ran in state competition. Their last meet of the season ended with State honors at Eldorado.

Last July began the year for the Varsity football team. Early morning practices first prepared the team for what was going to be one of Chaparral's most exciting and memorable years. "Hell Week" started August 21 in the hot summer sun, with temperatures soaring well above the 100 degree mark.

The regular football season began September 8 with the game against Western. Throughout the rest of the season the defending State Champions fought hard to remain number one. The Cowboys proved their winning attitude by winning eight of their nine games, finishing second in their division.

bench babes have a busy season

Being a Bench Babe may not be as easy as it sounds, although their "season" matches that of the Varsity Football team, much preparation goes into planning the season ahead. Bench Babes are responsible not only for cleaning towels, etc., but also making sure their guys have something to drink during practice and special goodies, along with a bottle of Gatorade, after the game. Besides catering to the tastes of the players, the group spends much time and effort organizing skits at the assemblies. varsity soccer builds 8-6-1 season

Chaparral's Varsity Soccer season was very rewarding. The team finished with an 8-6-1 record—the second best in the school's history. The goal of the soccer team is to improve as the year progresses. They not only accomplished this, but also built character, pride, and poise along the way.

Leading scorers included Bob Walford, Curtis Mormon, Alan Dees, and Danny Kemph. The super defense was Tim Terry, Ray Clark, Tom Rader, Danny Lunt, Shain Strnod, and impressive goalkeeper Chuck LaVern, who helped the Cowboys to three shut-outs. Coach Johnson believes the future of Soccer at Chaparral is very bright.

j.v. goes undefeated!

The Nevada Junior Varsity Championship was won by Chaparral this year. This honor was achieved in a very impressive fashion by our freshmen and sophomores. The J.V. team played thirteen games, winning eleven and tying two. This was the first time any Chaparral soccer team has gone an entire season undefeated. "Our team captains, Sean Wright, Tony Himes, and Rob Malloy, provided the leadership and dependability necessary to any championship team," Coach Baggett said. Concerning next year, Coach is very optimistic. There were ten freshmen on the team this year, and five of them were starters. Congratulations to this year's team, they really put on a fine performance.

wrestlers . . . excellent . . . as usual

November fifteenth marked the start of another exciting season for the Chaparral Wrestling team. The wrestlers were plagued by many injuries and just plain bad luck all throughout the year. This did not hamper the team at all, through sheer determination and skill, the wrestlers still proved to be number one. Practicing sometimes twice a day for over four hours at a time, the team worked for their number one spot.

The wrestlers took first place in the CHS Invitational, the fourth time in five years. They placed second in the Estancia California Tournament. The wrestlers missed winning their fourth consecutive State Championship by 1½ points. Special recognition goes to Kahlin O'Hara, Dean Matsuura and Mike Suits for their outstanding performances. Team captains were Jorge Navarro and Dean Matsuura.

1. Dean is the master of wit. 2. Mark conquers. 3. The first moves the most important. 4. Varsity and JV team; Kit Matsuura, Eric Armstrong, Tony Robinson, Rainer Werner, Recardo Lamb, Bill Samles, Mike Rader, Back row; Scott Lundian, Jon Crusin, Bob Aiken, Mark Holland, Dean Matsuura, Brian Greene, Jorge Navarro, Kahlin O'Hara, Mike Suits, Bill Keltner, Chris Tomlinson, Mike Donaho, Mike Isimari. 5. Executing a reverse. 6. When the whistle blows.

b-team shows future promise

This year's B-Team showed real spirit. The line up was always changing between J.V. and B-Team. B-Team members who were mostly ninth graders or first year wrestlers had the same workout and practices as Varsity. B-Team is no easier than J.V. or Varsity. One wrestler said, "I think of my B-Team experience as getting one step closer to varsity wrestling."

1. Wrestling is not all fun. 2. Eric dominates. 3. O.K., you can open your eyes now. 4. Get up Bob! 5. Chris controls his match. 6. Coach Knoblauch fires up the team. 7. Pin him champ! 8. Brian tries a new move. 9. Dean easily picks up his man. 10. The future greats: Front row, L to R; Jack Alexander, Dan Seleck, Ed Cortney, Gavin O'Hara, Orlando Dunn, Russel Williams, Bill Smith, Vernan Swenson, Back Row, Gus Gerber, Tim Crown, Mike Longi, Robert Stewart, Alfredo Fernandez.

1. Scott Ludian is ready for action. 2. Pin Pals cheer their wrestlers on! 3. You know what is on Chris Tomlinson's mind. 4. Jorge wants this guy off his back! 5. Brian Green is REALLY mean! 6. Kahlan O'Hara starts to take control.

pin pals: loyal and loud

The goal of Pin Pals is to support their wrestlers and make the wrestling family number one. They worked very hard all year, selling patches, cushions, and balloons; along with decorating their wrestler's houses every week during the season. The Pin Pals also won $100.00 by taking first place on High School Spirit Night, January 10th. They went on the wrestling trip to Estancia, California with the wrestlers for a tournament and came back with sore throats and memories of good times.

sophomore class; 30' pride of '81

The Sophomore Class Committee: First horse, Carol Weston, Betty Delgado, Sitting, Tina Fuson, and Bridgett Hahn. Second horse, Jane Foutz, Lisa Enriques, sitting, Trian Ashby and Chery Clark. Not pictured, Gail Hardbeck.

The Sophomore class for only the second time in two years took the spirit stick. They worked very hard on the float and cafeteria decorations. The class of '81 put in a lot of time in and got many memories out. The Sophomore class will take pride in presenting the 1979 Sweetheart Ball in February.

first car not always the best

I just got a new car! A 1964 Chevy. Only paid $200 for it. Its features are: 4 speed optional clutch (broken), A.M. radio (no speaker), plus bucket seats for watching the movie at a drive-in. The only thing it needs is a front fender and a paint job (plus a complete overhaul). My warranty is that if it breaks in half, I get to keep BOTH halves!!! How's that for a deal?!

people following a new sport

I was following this kid to class to find out his schedule. I was standing and looking around the corner at him. He was at his locker. He started to move in my direction. I quickly turned around and pretended to get a drink. When I looked up he was no more than five feet in front of me. I quickly turned around and started to walk in front of him. Luckely my classroom was right there, so I walked in it. Then I walked back out and watched him go the rest of the way. It was the closest call I ever had when I was following people.

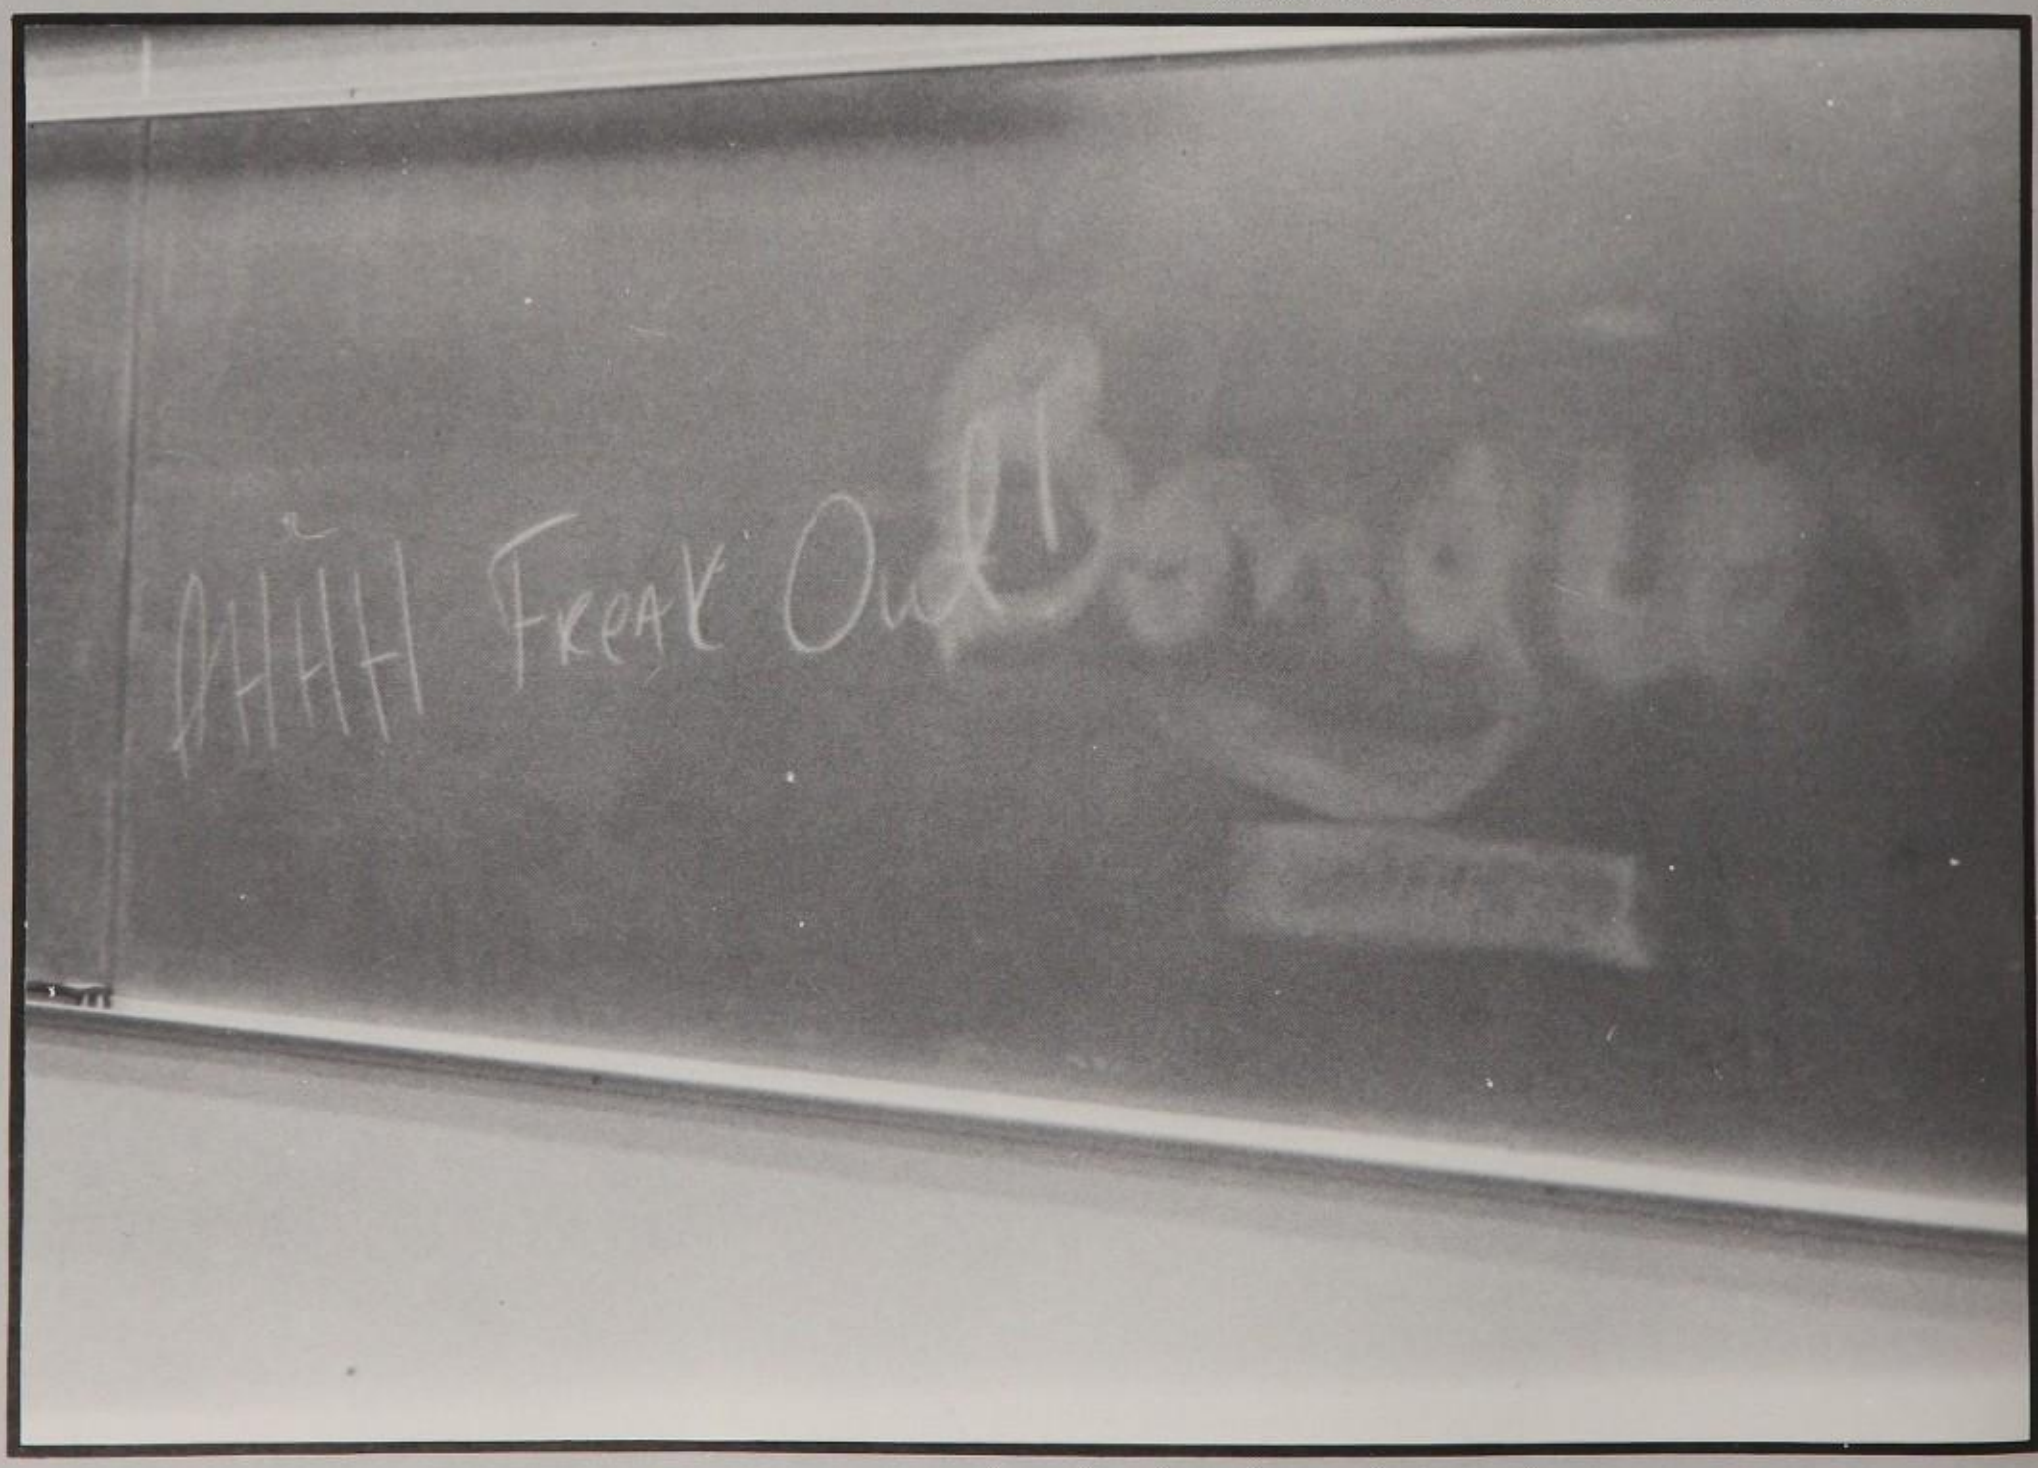
teacher expectations make time move slowly

Wow-yesterday was so short, and today is so long!! I still have two more long classes to get through without falling asleep. Those student expectation sheets all the teachers keep giving out . . . they're getting *longer* every year. I'm seeing a lot of my friends though, that's fun. "Yawn," I'm sooo tired today . . . Maybe I'll trip down the stairs again —that will wake me up.

Registration is an intense time for students who want special classes.

Blackboards are not always used for educational purposes.



Not a good day to be sick on.

school board has concern for students

The Clark County School Board meets on Thursday to discuss issues, proposals and expenditures of money. On Thursday, Nov. 30, a meeting was held to discuss public law 94-142. The meeting was an open hearing to discuss the implementation of a federal law dealing with handicapped children.

New members of the board for 1979 were Donald Faiss, Robert Forbuss, Thomas Semmens, and Dr. James Lyman. Returning board members were Janet Sobel, Helen Cannon, (President), and Virginia Brewster.

deans keep everybody walking a straight line

Did you ever really sit down and think about how it would feel being in jail for a serious offense? Well, that's the feeling you'll get when you're unable to go to school to find new friends and spend time with old ones. You miss going out to lunch. That's what it feels like when you get referred and then you get suspended. Then you have to take this letter home and show it to your folks. It really ruins dinner. Then your folks have to come to school . . . that is, if you're still alive to go back to school.

chaparral's language and english departments ain't at all bad

german not an easy language

Today in German, Mr. Jacobson gave us our first lesson. We learned the numbers up to 100, and had to repeat each number about 30 times. I can't believe how hard German is! I guess once we get started, it will be easier, but man, is it hard now. The easiest thing to say was, "Guten tag hen Jacobson." That means, "Good day Mr. Jacobson." We said that one about 40 times.

being smart is not always the best policy

Today has been a great day so far. In 3rd period we played a game; it really was a puzzle. It started when six students had to put six pieces of paper together. One piece had a question on it and the other five had clues on them. The only thing that was wrong was that I followed an instinct. I solved the puzzle, but I couldn't explain how I did it, and now I have until tomorrow to explain my technique.

The highest scores from the exam (no more than two from each school) take the mechanical exam. The mechanical part consists of the pair from each school receiving an engine and trouble-shooting it. In other words, finding out what's wrong with it and fixing it. The winning pair each receives the $1,000 scholarship.

some days nothing is interesting

Sept. 6- The 2nd day of school has been one complete bore. In history, Mr. Hansen talks about hydrogen atoms exploding and the making of the universe which had nothing to do with our discussion. Then we had that awful orientation assembly that I fell asleep during. I couldn't hear anything they were saying and consequently I missed out on everything. Theater II had Mr. Paul rambling on about Shakespeare and festivals and just about everything else. I could've done without it all.

student enjoys people watching

I love to just sit down and watch people, it's like a hobby. People are so interesting and they do the funniest things and have the craziest looks on their faces. I always wonder where all these people are going, who they are, and why they look so confused. The best place to watch people is in the mall or in the casinos. Tourists are even more fun to watch than locals, they look as if they are wandering through a maze of machines trying to figure out where they will spend their money.

The staff at Chaparral was one of the best. The secretaries, librarian aids, attendance and banker all worked to keep Chaparral functioning. Sam Ellis and his security staff helped to keep the halls organized. Cafeteria workers worked together to serve students their lunch in 30 minute lunch periods, while the custodians worked hard to keep the school clean and make Chaparral a better place.

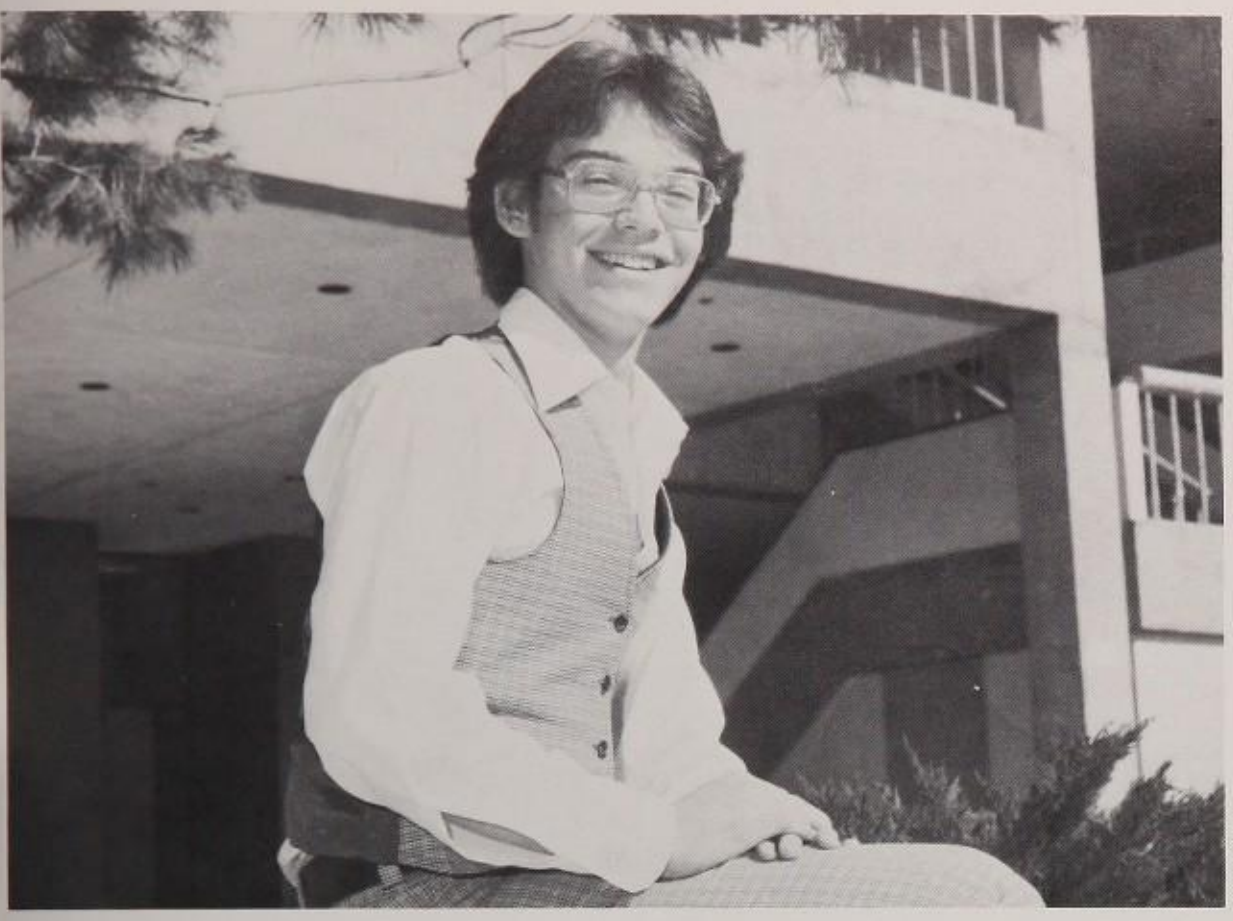
Valedictorian candidate Richard Luna has been involved in four years of class committees, baseball, and many other student activity programs. Richard plans on attending a university with an outstanding business program where he can be trained for a career in Business Administration.

Valedictorian candidate Paula Naegle has reached many high goals during her high school years. Being editor of the yearbook, working as president of the National Honor Society, and being involved with the French Club, provided her with many rewarding leadership experiences. Paula plans on attending Brigham Young University where she will be majoring in communications and political science.

highest scholastic honor awarded four seniors



Valedictorian candidate Mike Novick has actively participated in band for the past four years and was band president in his Senior year. He plans on attending either Stanford University or Samona College located in California. Unsure of his major, he plans to wait until he has attended college for awhile. If he had the chance to go through high school again, Mike says he wouldn't change a thing. In order of their importance, Mike listed the trips, the Friday nights, and the people as what he enjoyed most at Chaparral.

Salutatorian candidate Shain Strnod participated in football all four years at Chaparral. He plans on attending a college close to Las Vegas, probably U.S.C. or U.N.R. Shain plans on going into a math-related field although he is not certain about what career he will persue.

student council promotes school spirit

The female slate of Student Body officers of 1978-79 had an active and prosperous year. They began their activities during the summer with the painting of the Chaparral Cowboy on the Gym wall. They also had banners of the Alma Mater and "Cowboy Country" put on the inside of the gym wall. These emblems added pride and spirit to the Chaparral Student Body. Promoting spirit was their purpose, and they accomplished this by involving many students in the Homecoming activities. The Student Council managed to draw 133 pints of blood from the tough Cowboys making this year's blood drive extremely successful. They also did an excellent job in coordinating all school elections and activities. The Student Council hosted the first formal Induction Ceremony for the new Student Council of 1979-80.

1979-80 student council has a better idea

The many plans of the 1979-80 school year were formulated when the new Student Council came into the school year. They had new ideas and high hopes for a more spirited year.

One of the goals of the 1979-80 Student Council was to bring C.H.S. ALIVE! They felt that there was not enough spirit this year, but that it wouldn't be the case next year.

foreign exchange students find new experiences

Ceasar Riqueluxe came to Chaparral from Asuncion, Paraguay. Ceasar was impressed very much by Chaparral. He found that school was more than just a place to learn, but a place to make friends and get involved with the school through different activities. "The year I spent in Las Vegas will always be for me, something special."

Olga Lachor, also an exchange student from Asuncion, Paraguay came to Chaparral in September of 1978.

Olga said her principle interest is to learn the English language fluently and to observe the life style of the North American people. Olga found that the English language contains much slang, which is some times difficult. Olga commented that along with being an experience (going to school in the U.S.) it will be important to her in later life!

chaparral delegates nominated for girls' nation

Mary Crane, Sheila McClellen, and Paula Naegle were the Chaparral representatives who attended Nevada Girls' state at Clear Creek Youth Camp last summer. Girls' State is an intensive citizenship training program sponsored by the American Legion Auxillary. Each school in the state sends three representatives from their school to attend a week of extensive government study.

While at Girls State, the girls learned about city, county, and state government, and had the opportunity to run for office at each level of government. They wrote bills concerning child abuse, competency of teachers, and tax appropriations. They spent a day visiting the Nevada Legislature and the Governor's Mansion.

All three representatives from Chaparral were nominated as delegates for Girls' Nation. Sheila McClellon was voted as alternate and Mary Crane was chosen to represent Nevada at Girls' Nation in Washington D.C.

fun for all

It has been said that memories of Boys' State included water balloon and shaving cream fights, fire extinguisher games, and pizza battles. The delegates managed to have a fun time while learning about U.S. Government.

"Boys' State was quite a memorable experience for all that participated. It gave us a view of what our government is all about by letting us actually govern our state. Each person was elected to an office and fulfilled the job that it required. We gave our views on city and county problems and proceeded to find solutions for them. Each person that participated in Boys' State gained knowledge and interest in our government and may someday be a leader of the nation."—Dwayne Miller

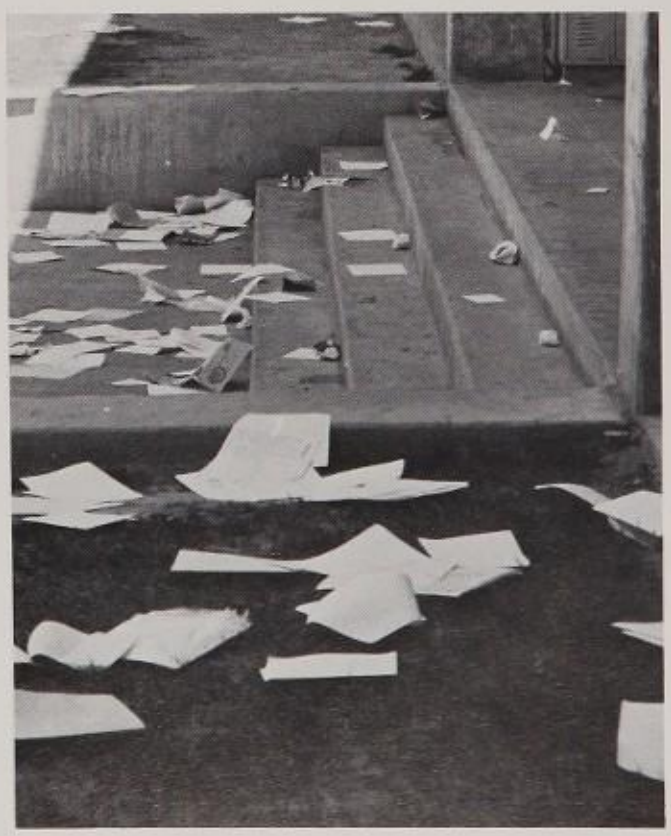
good times shared by all

During the course of the year, we share many experiences both good and bad. The good times together will be with us always, while the bad times have helped us learn and grow. We've had fun sharing lunchtime confidences, not to mention food, and court yard jokes.

Planning and participating in activities such as Homecoming, NJROTC and student council has brought us together as friends and helped us grow as individuals.

individuals belong to groups

Although each of us are individuals, we belong to groups and organizations which help us to better ourselves. We bring our individual talents to the groups that we are involved in. From our membership in these gros, we gain close associations with other members. Groups provide security and a sense of belonging.



friendships are forever

The friendships that we have made will remain in our hearts forever. Spending time together outside of class helps us to grow closer to each other. Common interests such as music or photography provide a basis for new associations.

Bill Keltner was killed in a car accident Sunday, March 11, 1979. Bill was born January 11, 1962 in Topeaka, Kansas. He was very active in school sports as a wrestler and a football player. If you talk to people about Bill, they will say Bill was a great guy. He was always around with his smiling face to cheer you up.

Bill's favorite hobbies were sports, hunting, fishing, square dancing, woodwork, and desert jeep riding.

Coach Barson commented, "Bill developed the power of a fine athlete. He also had the pride of a real Champion and the poise of a true champion. This, I am sure, is the way everyone will always remember him. I know that Bill believed in the following philosophy:

'That by your own soul learn to live, and if men thwart you, take no heed. If men hate you, have no care; Sing your Song, Dream your dream, Hope your Hope, and Pray your own Prayer.'"

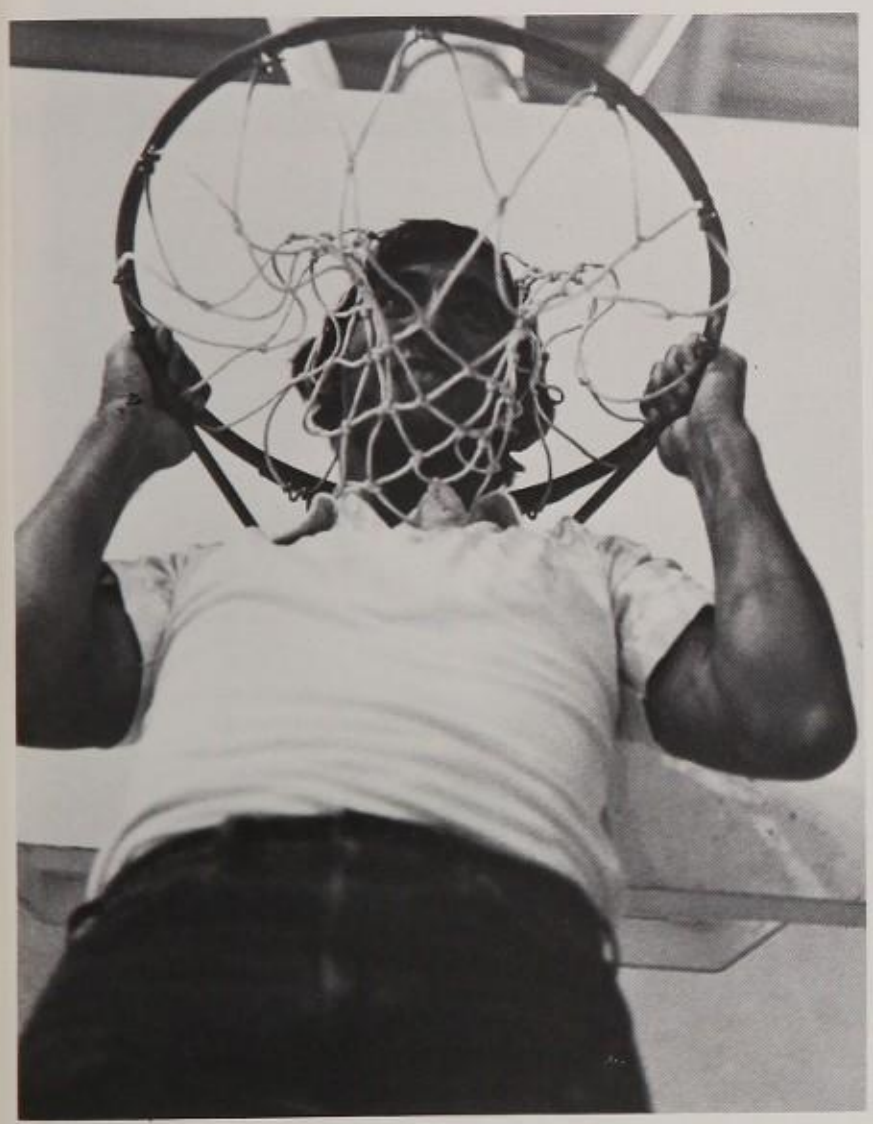
the bizzare breaks the monotony

As individuals, we sometimes express ourselves through the strange and unusual things we do. Activities like wearing Togas to the Basketball game, building snowmen, and delivering a campaign speech while wearing flippers, helps break the monotony of everyday boredom.



one in purpose

We work hard in the clubs and organizations in which we are involved. We support each other by giving our money, our talents, and even our blood. By participating in extracurricular activities, we learn how to work with each other and our advisors. As a result of much hard work and pulling together, we are united in pride and spirit.
